

Introducing Liquid CGI

Liquid CGI is a NYC boutique provider of Photorealistic 3D Computer-Generated Imagery (CGI). We deliver color-managed images and creative artistic effects that define top brands worldwide.

Imagine the Possibilities

Liquid CGI gives you the lighting precision and detail of actual photography -- from product shots, technical advertising and corporate presentations -- to photorealistic special effects, engineering simulations and virtual environments. Access and modify common digital assets from your own image library for multi-location or worldwide client collaboration. Enjoy the freedom and flexibility to create without bounds... and so much more.

Is It a Photo... Or Liquid CGI?
